5 TIPS FOR TRAVEL BOOKING

1. Clean your browser

Clear your cookies, cache and history. Use a private tab from a non-Safari browser.
Use a local VPN.

2. Start early

For flights, book 3+ months in advance on a Tuesday or Wednesday during lunch.
I like Skyscanner.

3. Be flexible

Get the lowest fares for flights, trains, ferries and buses by having some flexibility with your dates and times.

4. Get a weekly discount

Stay at least a week before moving somewhere else. I like to compare properties on Airbnb with Booking.com.

5. Downsize your bag

Travel with a small personal item and avoid baggage fees.
